clintonobi.netlify.app | linkedin.com/in/obisomu | github.com/obi-somu

PROFILE

Computer Science graduate with experience across IT support, digital marketing, technical operations, logistics and content systems. Combines practical troubleshooting and structured execution with SEO, analytics and clear communication. Particularly effective in hybrid roles where reliable systems and digital visibility need to move together.

PROFESSIONAL EXPERIENCE

Digital Marketing Executive Novotel Malta | Malta

NOV 2025 - EARLY 2026

Supported SEO and digital marketing activity, content calendars and social publishing. Monitored website and campaign performance through Google Analytics and Google Search Console, and assisted with email marketing workflows aligned with commercial objectives.

Digital Strategy Lead Somulux Enterprise | Nigeria

MAR 2025 - APR 2026

Managed digital content systems, publishing workflows and brand communication across multiple platforms. Used SEO-aligned planning, visual assets and performance reporting to improve consistency, engagement and long-term digital positioning.

Logistics and Data Analyst Etisiobi Nig. Ltd | Nigeria

OCT 2024 - FEB 2025

Organised operational data and reporting to improve inventory forecasting, workflow clarity and decision-making. Built dashboards, identified useful behavioural patterns and strengthened the structure of day-to-day reporting.

Technical Sales Representative Mamtus Nigeria | Nigeria

MAR 2024 - SEP 2024

Provided practical technical guidance, product demonstrations and clear online product descriptions. Coordinated with suppliers and internal teams to support stock flow, delivery accuracy and customer satisfaction.

PROFESSIONAL EXPERIENCE - CONTINUED

IT Systems and Network Support Specialist
Institute of Management and Technology | Nigeria

NOV 2018 - OCT 2019

Supported system uptime through monitoring, troubleshooting and routine maintenance. Delivered software updates and security patches, resolved hardware and network issues, documented work and trained staff in digital tools.
